1926 Ford Model T Engine/Transmission Parts, for sale ...

The Ford Model T used a 177 cu in inline 4-cylinder engine. It was primarily a gasoline engine. It produced 20 hp for a top speed of 45 mph. It was built in-unit with the Model T's novel transmission, sharing the same lubricating oil. The T engine was known for its simplicity, reliability, and economy. The engine remained in production for many years, and millions of units were produced. The engine design's lifespan exceeded that of the Model T vehicle itself, with industrial, marine, and milita

Ford Model T engine - Wikipedia

The Ford model T had a 4-cylinder 177-cubic-inch (2.9 L) engine that produced 20 hp (compare that with models that churn out over 1000 horses today and awe at where the motoring industry has come from). He was paired with two speed (two forward and reverse)

The Ford Model T (colloquially known as the "tin Lizzie", "leaping Lena", "jitney" or "flivver") is an automobile produced by Ford Motor Company from October 1, 1908 to May 26, 1927. It is generally regarded as the first affordable automobile, which made car travel available to middle-class Americans. The relatively low price was partly the result of Ford's efficient fabrication, including ...

LOUD Vintage Ford Speedster Straight Pipes - 1926 Model T ...

The result of these two production sites was that there is no real numerical sequence in engine numbers between September 1924 and February 1925. The daily serial number lists published in Model T Ford, the Car That Changed the World shows the days on which certain engines were produced but this abbreviated listing does not.
