Ford Expedition Problems: Everything You Need to Know

My 1999 Ford Expedition has a recurring problem with a supposed safety feature. The "door ajar" warning light comes on even when there is no door open. Part of this system turns on the dome light at speeds between 5 and 18 mph. This light makes it difficult to see out the windows.

Check to see if the engine stalls or misses through the driving speed range. If this is happening to your Ford Expedition, the problem is likely a clogged fuel filter. However, a more serious problem could be uneven compression in the cylinders. This happens primarily as the Expedition ages. Mileage, not years, will measure how old the SUV is.
