2011 Acura RL for Sale (with Photos) - CARFAX

Acura typically uses a timing belt on models that are equipped with the V6 engine, such as the MDX, while vehicles with the 4-cylinder engine frequently use a timing chain. A timing chain does not need to be replaced, but in rare instances there can be a failure. It's important to check for wear because when a chain does break, it can cause catastrophic damage. Not sure what to look for when it comes to your timing belt?
