California Building Standards Code (Cal. Code Regs., Title 24) was published July 1, 2016, with an effective date of January 1, 2017. Additionally, the intervening supplement was published January 1, 2017 with an effective date of July 1, 2018. Information Bulletins 16-01 and 17-06 provide detailed information concerning changes to the 2016 publication.

Codes - California

Description: Extra. The California Electrical Code (CEC) contains electrical design and construction standards. Provisions contained in the CEC provide

Read Book 2016 California Electrical Code Cec

minimum standards to safeguard life or limb, health, property, and public welfare, and to protect against hazards that may arise from the use of electricity by regulating and controlling the design, construction, installation quality of materials, and the location and operation of electrical equipment, wiring, and systems.
