A People's History of Christianity is not so much a "history" (either scholarly or general) as it is an argument for a return to the roots of Christianity that finds fault with both modern expressions of "liberal" and "conservative" religion. As Bass argues in her introduction, liberal theologians and congregations tend to lose their "devotional" memories; their conservative cousins lose their "ethical" memory.

In A People's History of Christianity, historian and religion expert Diana Butler Bass reveals an alternate history that includes a deep social ethic and far-reaching inclusivity: "the other side of the story" is not a modern phenomenon, but has always been practiced within the church. Butler Bass persuasively argues that corrective - even subversive - beliefs and practices have always been hallmarks of Christianity and are necessary to nourish communities of faith.
