Carlin Romano's is a cavalcade of biographies and philosophical ideas that belie the idea that Americans are anti-intellectual and non-philosophical. Romano asserts that Americans just come at philosophy from a tradition of rhetoric and argument more in line with Isocrates, than the more formal and classical tradi What should I read over the holidays?

About America the Philosophical. This bold, insightful book argues that America today towers as the most philosophical culture in the history of the world, an unprecedented marketplace for truth and debate. With verve and keen intelligence, Carlin Romano—Pulitzer Prize finalist, award-winning book critic, and professor of philosophy—takes on the widely held belief that the United States is an anti-intellectual country.

[Carlin Romano. America the Philosophical](#)

America ' s philosophy is a pragmatic one, Romano argues, aimed not at locating absolute truth in the ether, but instead confronting real world problems and finding real world solutions. Romano begins with the philosophical roots of American pragmatism in the 19th century and outlines the 20th-century contributions of Willard Van Orman Quine, John Rawls, and Richard Rorty.
