Apartment Gardening: Plants, Projects, and Recipes for ...

Some top choices for apartment gardening include mint, chives, parsley, lavender, basil, and thyme. Salad greens: Salad favorites, such as lettuce, spinach, and arugula, are fast-growing, shallow-rooted plants. They're not overly fussy about their growing conditions, as long as they get plenty of water.

Vegetable gardens, patio planters, and flower beds undoubtedly add appeal to any home and make for some really fun hobbies. But sometimes you just don't have the space, or you might prefer to spend your time inside where the elements (and bugs!) can't really get to you. In these instances, you can never go wrong with curating your own indoor garden. Lucky for you, the options for indoor ...

Her apartment is an attempt to cram a country house into a Brooklyn apartment. None of that is really possible in the city, but Oakes does her best: a vermiculture kit beneath the kitchen sink, a compost bin, LED lighting systems, a sub-irrigation system for certain plants, and plants, plants everywhere. Succulents line the bathroom.

Green thumb or not, having an herb garden is a guaranteed way to saturate your dishes with flavor, open doors for more DIYs, and make your home feel a little livelier. While other plants in your apartment or home provide air filtration and something pretty to look at, growing herbs gives you something a little bit closer to instant gratification.

Plants with bright or variegated foliage, such as the polka dot plant and croton, develop the best color near a bright window but out of direct light. Peace lilies and cast iron plants are noted for their ability to thrive in dim corners and recesses of your apartment. Small potted plants look more appealing in groups.
