Articulating Design Decisions Communicate With ...
Talking to people about your designs might seem like a basic skill, but it can be difficult to do efficiently and well. And, in many cases, how you communicate about your work with stakeholders, clients, and other non-designers is more critical than the designs themselves--simply because the most articulate person usually wins. This practical guide focuses on principles, tactics, and ...

[Books] Articulating Design Decisions Communicate Stakeholders

Even though this is always a risk, approaching our meetings with this fear actually undermines the purpose of articulating design decisions. If we aren't able to convince stakeholders that our solution is better, either we aren't doing a good job of communicating to them or we don't understand their needs enough to create a design that solves the problem.
