Adjusting the airflow of the Breeze 2 is easy. There are two steps to changing the airflow. Firstly, locate the pod release buttons on the side of the device and squeeze them to release the mouthpiece. Next, find the airflow ring on the top of the pod, and you can rotate it until the airflow is to your liking.

The BREEZE 2 meter from Bayer Diabetes Care is particularly useful for people with diabetes who are leading an active lifestyle, or would like to live a more active lifestyle, whether they have type 1 diabetes or type 2 diabetes. The BREEZE 2 meter is self-contained and may be carried in the pocket. The 10-test disc houses a series of test strips, meaning that there are less small, delicate adjustments to be made.
