### Pre-Commissioning Engineer - BSRIA

Soft Landings is a building delivery approach that runs through the project from inception and briefing to its completion and beyond. When implemented, it increases collaboration between project teams and helps to deliver buildings that operate according to their spec, meeting the client ' s expectations as well as the end users ' needs.

### BSRIA Soft Landings Network

Once installed, new water systems must undergo pre-commissioning cleaning, in-line with BSRIA guidelines. By making sure a water system is clean from the outset unnecessary maintenance and repairs can be avoided. Remediation cleaning is possible, but it will never render a system ' as new ' .
