Cause and effect is a common way to organize information in a text. Paragraphs structured as cause and effect explain reasons why something happened or the effects of something. These paragraphs can be ordered as causes and effects or as effects and then causes. The cause and effect text structure is generally used in expository and persuasive writing modes.

~~A Course in Miracles—Chapter 2—VII. Cause and Effect ...~~

A cause is something that produces an event or condition; an effect is what results from an event or condition. The purpose of the cause-and-effect essay is to determine how various phenomena relate in terms of origins and results. An essay that tries to determine how various phenomena are related. Sometimes the connection between cause and effect is clear, but often determining the exact relationship between the two is very difficult.

~~Cause and Effect—GitHub Pages~~

It was that cause to wonder that provoked his reactions now, both verbally and physically, alone in a hotel room, what man wouldn't? But fear and uncertainty still haunted the dark wizard, this was after all, Hermione Granger.
