Log your baby's sleep time for a week and make note of nap times and length as well as how many times she's waking up overnight for feedings. Having a sleep log will help you stay on track with naps and nighttime bedtimes so that baby can maintain a sleep schedule.

The Complete Guide to Sleep Training Babies

Mirrors, moving objects and sounds all encourage a baby to lift his/her head and will in turn strengthen the neck muscles. Newborn babies have not developed fine motor skills at this early age, but they do have reflexes and can hold and grip onto fingers when they are placed in their palm. With use, these muscles will become stronger before the reflex regresses at about 4 months
