The Concise Guide takes a rhetorical approach to technical communication; instead of setting up a list of rules that should be applied uniformly to all writing situations, it introduces students to the bigger picture of how the words they write can affect the people intended to read them. Assignments and exercises are integrated throughout to reinforce and test knowledge.

A Concise Guide to Technical Communication - Broadview Press Handbook of Technical Writing, Ninth Edition 9th Edition Now in its eighth edition, this classic book remains the complete technical-writing reference for students and professionals alike.

Alphabetically organized and easy to use, its nearly 400 entries provide guidance for the most common types of professional
