Emily the Strange takes on homeschooling in Dark Times. Emily has always hated school and found creative ways to skip class. Now, it's Emily's turn to teach herself, with a little help from her mom. Emily's classes have weird names and she learns some pretty wacky stuff. Emily's Great Aunts Through the Ages class leads to a mysterious trip back-in-time.

Emily the Strange is a fun story that has the balance of supernatural, mystery, historical fiction and touched with a little of science fiction. I recommend picking it up. My only caution would be to read the first two books before reading this one, as I at times felt lost on what was happening, as it's explained in the previous two books in the series.

Emily the Strange Series by Rob Reger  
- Goodreads

Not much is known about Emily's early life, but she is known to have both scientific aptitude and dark sensibilities from an early age. She got Mystery when she was an infant. At age 6, she made a "spider cemetery" made of dead spiders for a school project. She made an anti-gravity machine for an early school project as well.
