The SAGE Handbook of Qualitative Research | SAGE ...

According to Denzin and Lincoln (2005), qualitative researchers must confront three crises; representation, legitimation, and praxis. The crisis of representation refers to the difficulty for qualitative researchers in adequately capturing lived experiences. As noted by Denzin and Lincoln,

Sampling Designs in Qualitative Research: Making the ...

means that qualitative researchers study things in their natural settings, attempting to make sense of, or to interpret, phenomena in terms of the meanings people bring to them. (Denzin & Lincoln, 2005, p. 3) While we don't disagree with the above definitions, we don't find them particularly useful in an applied research context.
