While a single page site may improve relevancy for your primary keywords, it ' s more likely it will dilute relevancy for sub-topics and terms that might rank better, or at all, on their own pages. Defining content sections and using anchor links is the suggested method for increasing single-page SEO. Using H1 tags is also highly advised.

Single-Page vs. Multi-page UI Design: Pros & Cons

The first one is the file size and loading speed of an individual image and the second is proper file naming and optimization. Search engine spiders can only read text and not images,so special tags are used to make them comprehensible to search engines. Infographic:SEO Basics.
