The Ford Duratorq engine, commonly referred to as Duratorq, is the marketing name of a range of Ford diesel engines first introduced in 2000 for the Ford Mondeo range of cars. The larger capacity 5-cylinder units use the Power Stroke branding when installed in North American-market vehicles.. The first design, codenamed "Puma" during its development, replaced the older Endura-D unit which had ...

The work carried out during your Ford Service or repair is not only done well and correctly but also done to the standards set by Ford. The majority of our garages use Ford's own guidelines and servicing requirements to make sure your car is worked on properly. In 2003 the EU banned manufacturers from invalidating warranties if the owner took ...
