A southern white writer, educator, and activist, Lillian Smith (1897-1966) spoke out all her life against injustice. In the *Killers of the Dream* (1949), her most influential book, she draws on memories of her childhood to describe the psychological and moral cost of the powerful, contradictory rules about sin, sex, and segregation—the intricate system of taboos—that undergirded Southern society.

*Killers of the Dream*, published in 1949, frequently shows its age. Its basic ideas, however, may still resonate with readers whose viewpoints lean toward the progressive end of the political spectrum. It's a powerful work written by a Southern woman whose comparatively privileged upbringing had afforded her a certain advantageous vantage point.

Lillian Smith, southerner was more outspoken in expressing moral indignation about the region's injustices and inequities during the pre–civil rights era than the writer Lillian Smith, and in no work did she articulate that indignation more fully than in *Killers of the Dream*. First published in 1949, and revised and expanded in 1961, it is arguably the most influential and enduring of the many writings this self-described "tortured southern liberal" produced over her three-decade career.

*Killers Of The Dream* is Lillian Smith's seminal work and personal memoir written about Racism (White Supremacy) as it was practiced in the American South. First published in 1949, the text was updated in 1961 and later reissued with publisher and/or editor's notes in 1978 and 1994, respectively. The text is roughly 244 pages long and comprised of four parts with multiple chapters in each; see table of contents below.

*Killers of the Dream | Part 1 of 3*

The dream is the dream of freedom- and man has himself been the killer of the dream. In this overwhelmingly and challengingly honest book, Lillian Smith has explored the mind of the South, and much of what she has found is true in varying degrees of the North as well. But where the North has perhaps acquired attitudes, the South finds them rooted deeply in hidebound tradition, in fears and insecurities, in passions and hates that a cruel war and its aftermath fixed upon an entire region.
