When we learn a new language we have a deductive approach to the intonations, phonology, morphology, syntax of the target language. This happens when we start being schooled in this language, when we learn to read and write. Reading and writing are not skills that come naturally. They are not intuitive. We need to learn that signs (letters and letter combinations) represent a sound, that by combining them we form words that have a meaning, which we can use to convey our thoughts.
