Math in Focus mirrors the original Singapore Math's layout with books A and B for each level for Teacher's Editions, student textbooks, and student workbooks, essentially splitting

Access Free Math In Focus

the course for each level into two parts. Kindergarten is the exception to this layout since it has only workbooks rather than separate texts and workbooks; there are four of these relatively thin kindergarten student workbooks.

and the marketing
clout of a major
publisher. While
both series are
based on Math
from Singapore,
there are subtle
but significant
differences
between the two.

**Singapore Math
