If you're using the mini camera for break-ins, point it towards the doors.

Another consideration should be the sound. Many cameras nowadays let you record sound as well, but that won't be of much use to you if you put the camera next to a speaker, or your TV set.

the webcam in your computer's CD tray, making sure that the logo is face-up in the process. Since most modern Macs don't come with CD drives, you will have to have a separate CD drive attached via USB cable if you're using a Mac. If the webcam didn't come with a CD, skip this step.

How to Set up a Webcam: 10 Steps (with Pictures) - wikiHow

This mini video camera has a built-in lithium-ion battery. You can perform charging in one of the following ways: 1. Connect the mini video camera to the USB port of your PC, stop

File Type PDF Mini Webcam User Guide

recording first. 2. Connect the mini camera to a charger from a 220V network or a portable 5V charger. In this case, you can continue to use the mini-camera in the charging process.
