Open Mind provides the best combination of digital and print material for adult students across its six levels (A1 – C1). The course's communicative and inductive approach with life skills at its core gives students the skills they need to succeed in the real world, and the wealth of support and practice online saves teachers valuable time.

Each week, students complete two online lessons and a peer-to-peer conversation (approx. 1.5 hours per week in total). Students receive reminder emails to stay on track and retain key concepts from the lessons. OpenMind can be used in individual classrooms or campus-wide through orientation or First-Year Experience programming.

Beyond such hyperbole, the implications of the Internet for education and learning can be understood in at least four distinct ways. First, is the potential of the Internet to offer individual learners increased freedom from the physical limitations of the real world. This is often expressed in terms of reducing constraints of place, space, time, and geography, with individuals able to access ...
