List the other members of this group of rodents. 2. What disease did rats carry that was responsible to killing almost half of the population of

Rat Dissection - Katy Independent School District

In this laboratory exercise, the anatomy of the rat will be examined in some detail. You may recall that in your first-year biology course you dissected a grass frog and a fetal pig. You may recognize and remember structures that you learned during that dissection. In Biology 3A, a much more detailed look at mammalian anatomy will be conducted.
