## Solution Focused Therapy Essay example - 2295 Words | Bartleby

Solution focused therapists are competency and future focused. They highlight and utilise client strengths to enable a more effective future. Historically, psychotherapeutic approaches of the early-mid 1900s focused primarily on client pathology and problems. By the late 1950s a moderate shift in practitioner direction was occurring.

[Solution-Focused Brief Therapy | Psychology Today](#)

AbstractSolution-focused brief therapy (SFBT) is a form of behavior therapy that focuses on evoking desired behavior rather than on the existing problem behavior. To illustrate the use of this form of therapy, the authors undertook a study of 10 case studies of applications of SFBT with people with a mild intellectual disability (MID).
