Mike Mulligan and His Steam Shovel is a children's book by Virginia Lee Burton. First published in 1939, in the wake of the Great Depression, it features Mike Mulligan, a steam shovel operator, and his steam shovel Mary Anne. It is considered a classic favorite of children's literature: based on a 2007 online poll, the National Education Association listed the book as one of its "Teachers' Top 100 Books for Children." An animated short film of the same name, directed by Michael Sporn, narrated b

Editorial Reviews. Locomotive is unusual for a picture book in that it is intended to please a fairly wide age group...Older children will appreciate the wealth of detail and history, while younger ones will be entranced by the appropriately chugga-chugga rhythm of Floca's free verse and his abundant use of sound effects...Everyone will be even more thrilled by Floca's illustrations.

A brief treatment of steam engines follows. For full treatment of steam power and production and of steam engines and turbines, see Energy Conversion: Steam engines. In a steam engine, hot steam, usually supplied by a boiler, expands under pressure, and part of the heat energy is converted into work. The remainder of the heat may be allowed to escape, or, for maximum engine efficiency, the ...
