Oxford University Press uniquely allowed me to do two books on the use of stories in language teaching. That shows what a powerful subject it is! Storytelling with Children is a book of stories and ideas for telling stories to students (it says children in the title but it doesn't make much difference actually).

Andrew Wright's Story Teller article

Explore The Museum City of Stories Board our fantastical Story Craft and fly through a thousand years of Oxford's story history, from ancient myths and legends to classics of children's literature enjoyed across the world.

The Story Museum | Family Museum In Oxford

It also shows how parents respond to children's talk and gesture, through practices such as alignment, assessment and repair. The findings shed light on children's multimodal participation in conversational storytelling, and their abilities to engage in action and make relevant contributions to interaction.

Young children's multimodal participation in storytelling ...

Storytelling with children is an effective way to enhance the language of children, including vocabulary, grammar, and narrative skills (Isbell, Sobol, Lindauer, Lowrance, 2004; Nicolopoulou et al., 2015). It is helpful to expose children to language which is supported by additional visual/auditory cues.

Storytelling - Department of Education and Training

1 Introduction. Storytelling plays a central role in our everyday lives. It is one of the most widespread social activities through which people in different cultures share personal memories (e.g., Fivush, 2011; McBride, 2014) and cultural information (e.g., Boyd, 2009; Currie & Sterelny, 2017; Donald, 1991; Dunbar, 2010; Scalise Sugiyama, 2001).In its canonical form, storytelling is a ...

Storytelling With Children Oxford University Press

First findings have shown that teachers and children use ITEO in a range ways, for example for closed exercises and open-ended tasks such as storytelling and that children develop language and metalinguistic skills during the process of collaborative producing texts [2, 3, 4].

Developing language skills through collaborative ...

Family storytelling offers many of the same advantages as book reading—and some new ones—for children's language and emotional development, coping skills, and sense of belonging. This book shows parents how telling and sharing stories about family experiences can help children grow into healthy, happy adolescents and adults. The author outlines the techniques that work best with children ...
