Biopolitics - Wikipedia

The Birth of Biopolitics is a part of a lecture series by French philosopher Michel Foucault at the Collège de France between 1978 and 1979 and published posthumously based on audio recordings. In it, Foucault develops further the notion of biopolitics introduced in a previous lecture series, *Security, Territory, Population*, by tracing the

evaluates questions of
humanity, solidarity and
conviviality under the most
extreme and Manichean
situations of occupation and
colonialism.

Biopolitics, he argues,
refers to a historical
transformation and
development, beginning in
the 17th century, whereby
the sovereign right to
seize, repress, and destroy
life is complemented by a
new form of power that aims
to develop, optimize, order,
