Amazon.it: The Law of Global Custody: Legal Risk ...

Global custody accounts are designed for investors that have over \$500,000 in assets. Their primary function is to serve as safe storage, while allowing funds to be transferred in and out as needed for trades or purchases. It helps to understand a few details about how securities are traded so that you know what can go wrong.

Global Custody Accounts - The Balance

Core functions in global custody include fund administration and fund accounting (calculating how much income funds are making and spending), settlements (delivering securities to the buyer and the money to the seller), and corporate actions (keeping track of dividend payments for equities and coupon payments for bonds). Roles and career paths
