England, it is much more than a gardening book. Katherine Swift had worked as a rare book librarian before she took on the garden, and her love of research and hunting out original sources comes well to the fore here.

The Morville Hours by Katherine Swift - Goodreads  
Katherine Swift was clearly aiming at "garden literature" in "The Morville Hours". I think she tried too hard. She chose to tell her tale about becoming the chief gardener at Morville, a British National Trust property in Shropshire, by wrapping it within her account of the medieval Book of Hours, which made it heavy sledding for me.

Although "The Morville Hours" will appeal to gardeners and garden lovers, it isn't a book about
