So who makes the most reliable engines? Perhaps not surprisingly, it's the Japanese, with the top spot taken by Honda. Only one in every 344 Honda owners have had engine trouble, with second-placed rival Toyota notching up just 1 in 171.. It's not all doom and gloom for the European marques, though, with Mercedes-Benz taking third, followed closely by Volvo.

Who makes the most reliable engines? | The Car Expert

One of automatic transmission problems that require many attentions is overheating transmission. Especially, if u are owning a Toyota car, this is common issue among Toyota automatic transmission problems, This usually happens due to burnt, dirty or no fluid. Driver should replace this fluid immediately to avoid further damage to the vehicle.
