Termed coined by french sociologist Michel Maffesoli. Its first widespread use came from his book, "Le Temps des Tribus" (1988). In it's original meaning, "urban tribes" were young city people that gathered in relatively small, fluid groups. These groups shared common interests that were, in general, different from the interests of mainstream culture.

Urban Tribes Are Friends The New Family

Most tribes are multi-generational. You have elderly and, this is a narrow strata, a narrow demographic, people are of similar ages. But indeed within any vibrant urban tribe that I've documented, you do have people that rise to a leadership position – and they're the people who have the house where you always can drop by.
