My WD My Book Essential was working completely fine until yesterday, which was the first time I hooked it up to my new computer (Dell laptop with Windows 8, if that's relevant). When I first hooked it up to the new computer, the computer did recognize it and I was able to view the files within it for about a minute. Then all of a sudden it disappeared and I got a message saying that my ...

Good afternoon, I want to use the the "Quick Format" tool to clean my "My Book" drive. One question is by doing this will I need to download the software again and my other question is, is there any danger that doing this will affect my computer hard drive in any way? All suggestions will be greatly appreciated. Thanks, Russell

My Book is a series of external hard drives produced by Western Digital. There are currently nine series of My Book drives; Essential Edition, Home Edition, Office Edition, Mirror Edition, Studio Edition, Premium Edition, Elite Edition, Pro Edition, AV Dvr "Live Edition", and the World Edition. My Book drives are designed to look like a standard black hardback book, with the exception of the Pro/Studio series, which are silver, and the World series, which are white. Other than the book-like appe

~~Western Digital My Book — Wikipedia~~

I kept all of my Roboform data on the Western Digital My Book, 500gig Essential Edition. My Maxtor was completely gone, however that data is on a drive at home. My Western Digital was the one with some very special files that I had begun transferring over GoToMyPc at home and had not completed.
