But Jeff Aiken, a former government analyst
who saw the mistakes made before 9/11, fears
that there may be a more serious attack
coming. And he soon realizes that there isn't
much time if he hopes to stop an
international disaster. "Zero Day" presents a
chilling 'what if' scenario written in the
vein of Richard A. Clarke and Daniel Suarez.

Zero Day en Apple Books

At first, these random computer failures seem like unrelated events. But Jeff Aiken, a former government analyst who quit in disgust after witnessing the gross errors that led up to 9/11, thinks otherwise. Jeff fears a more serious attack targeting the United States computer infrastructure is already under way.
